# 🎬 Pillar 1: Video Content Strategy

> **Funnel Stage:** Awareness **Primary Goal:** Maximum Reach & Brand Visibility

---

## Overview

Video content is the highest-reach format in digital marketing today. For FreshNest FMCG, short-form video is the primary tool for introducing the brand to new audiences, showcasing products in action, and building an instant emotional connection.

---

## Target Audience

| Segment | Description |
|---|---|
| Primary | Homemakers aged 25–40 |
| Secondary | Young working professionals (22–32) |
| Tertiary | Millennial parents with young children |

---

## Platforms & Formats

| Platform | Format | Ideal Duration |
|---|---|---|
| Instagram | Reels | 15–30 seconds |
| YouTube | Shorts | 30–60 seconds |
| Facebook | Native Video | 30–60 seconds |

---

## Content Ideas

### 1. "Morning Routine with FreshNest" *(Hero Content)*

- **Concept:** A 30-second Reel showing a family's seamless morning — kitchen cleaned with FreshNest surface spray, laundry fresh with FreshNest detergent, kids off to school happy.
- **Caption:** *"Mornings are better when your home is FreshNest-ready. ✨ #EverydayLifeMadeBetter"*

- **Hook (first 3 seconds):** Close-up of a messy kitchen counter → one swipe → sparkling clean.

**2. "60-Second Home Reset"** ***(Educational + Video)***

- **Concept:** Time-lapse of a cluttered living room being tidied using FreshNest products in under 60 seconds.
- **Caption:** *"From chaos to calm in 60 seconds 🏠 Tag someone who needs this! #FreshNestHome"*

**3. "FreshNest vs The Mess"** ***(Challenge Format)***

- **Concept:** A relatable, humorous video of a toddler making a mess, followed by a confident parent picking up FreshNest products to fix it.
- **Caption:** *"Toddlers: 0. FreshNest: 1. 😄 #FreshNestMom #CleanHomeHappyHome"*

## Execution Plan

```
Step 1 → Define the 3-second hook (first frame must stop the scroll)
Step 2 → Script the 15-30 second storyline (problem → product → solution)
Step 3 → Film in natural light with real home settings (avoid studio look)
Step 4 → Add upbeat background music + text overlays
Step 5 → Post between 7-9 AM or 7-9 PM for maximum reach
Step 6 → Respond to comments in the first 30 minutes to boost algorithm
```

---

## Sample Caption Template

```
[Relatable hook line] 🏠
[Product benefit in one line]
[CTA — save/share/tag]
#EverydayLifeMadeBetter #FreshNest #[WeeklyTheme]
```

---

## KPIs

| Metric | Target |
|---|---|
| Reach per Reel | 10,000–50,000 (organic) |
| Views per YouTube Short | 5,000–20,000 |

| Metric | Target |
| --- | --- |
| Engagement Rate | 4–7% |
| Profile Visits from Video | 8–12% of viewers |
| Saves & Shares | 2–4% of reach |

## Do's and Don'ts

| ✅ Do | ❌ Don't |
| --- | --- |
| Use real home settings | Use studio-looking white backgrounds |
| Show the mess before the solution | Start with the product directly |
| Keep it under 30 seconds on Reels | Post videos longer than 60 seconds on Reels |
| Add captions/text overlays | Rely on audio alone (many watch on mute) |
| Post consistently (3–4x per week) | Post in bursts then go quiet |
