🖼️ Pillar 2: Image-Based Content Strategy

> **Funnel Stage:** Interest **Primary Goal:** Visual Brand Identity & Aspirational Appeal

---

Overview

Image-based content forms the visual backbone of FreshNest's digital presence. High-quality, lifestyle-driven photography communicates the brand's warmth and aspirational values — making followers *want* the FreshNest lifestyle, not just the product.

Target Audience

Segment	Description
Primary	Homemakers who follow home décor & lifestyle accounts
Secondary	Pinterest-active audiences interested in home organization
Tertiary	Instagram users aged 22–38 who value aesthetics

Platforms & Formats

Platform	Format	Posting Frequency
Instagram	Feed Posts (Square / Portrait)	4–5x per week
Pinterest	Pins & Boards	7–10 pins per week
Facebook	Photo Posts	2–3x per week

Content Ideas

1. Seasonal Flat Lays *(Recurring Series)*

- **Concept:** Beautifully arranged flat lay photos featuring FreshNest products alongside seasonal items.
- **Example — Diwali Edition:** FreshNest cleaning kit + diyas + marigold flowers on a marble surface.

- **Example — Monsoon Edition:** FreshNest floor cleaner + raindrops on window + steaming chai.
- **Caption:** *"This Diwali, let your home shine as bright as the lights 🪔✨ #FreshNestDiwali"*

2. Before & After Split Images

- **Concept:** Left panel shows a dirty/cluttered surface; right panel shows the same space gleaming after using FreshNest.
- **Caption:** *"The only transformation reel you need this week ✨ #FreshNestClean"*

3. "The FreshNest Shelfie" *(UGC Prompt)*

- **Concept:** Brand-curated image of a perfectly organized pantry or cleaning caddy with FreshNest products. Encourages followers to share their own.
- **Caption:** *"Show us your FreshNest shelf! Tag us for a feature 🏡 #MyFreshNest"*

Visual Style Guide

Element	Guideline
Color Palette	Fresh Green (`#4CAF50`), Clean White, Warm Orange accents
Lighting	Natural daylight preferred; soft diffused light
Settings	Real homes — kitchen, bathroom, living room, balcony
Props	Plants, fresh produce, linen towels, wooden elements
Editing	Warm tones, slight brightness boost, consistent preset
Avoid	Heavy filters, dark moody tones, cluttered backgrounds

Execution Plan

```
Step 1 → Identify the weekly theme (seasonal / functional / UGC)
Step 2 → Source props and set up the shot in a real home environment
Step 3 → Shoot in natural light (10 AM – 2 PM ideal)
Step 4 → Edit with consistent preset to maintain feed cohesion
Step 5 → Write caption with relevant hashtags and a soft CTA
Step 6 → Cross-post to Pinterest with keyword-rich description
```

Sample Caption Template

```
[Aspirational or relatable opening line] 🏡
[Product mention — subtle, not pushy]
[CTA — save / share / tag a friend]
#FreshNest #HomeGoals #EverydayLifeMadeBetter #[SeasonalHashtag]
```

KPIs

Metric	Target
Impressions per Post	5,000–20,000
Saves per Post	3–6% of reach (saves = high intent)
Profile Visits	5–8% of post viewers
Pinterest Monthly Views	50,000–100,000
UGC Submissions per Month	20–50 posts with brand hashtag

Do's and Don'ts

✅ Do	❌ Don't
Maintain a consistent visual preset	Use different editing styles each post
Show products in context (in a home)	Use plain product-on-white backgrounds
Plan a cohesive Instagram grid	Post randomly without theme coordination
Encourage UGC via branded hashtags	Ignore comments and tags from followers
